Toronto, Ontario M4P 1E4

**Attention: Mr. John Pickernell
Application Administration**

Dear Mr. Pickernell:

**Re: Pembina Infrastructure and Logistics LP ("Pembina")
Application by Pembina Infrastructure and Logistics LP for a permit to drill hydrocarbon injection and withdrawal wells within the vicinity of the Moore 3-21-XII Designated Storage Area and to expand the storage capacity at the Corunna Storage Terminal (the "Application")
Adjournment Request to Procedural Order No. 3
Board File No.: EB-2015-0032**

Further to today's telephone conversation with the Ontario Energy Board ("**OEB**"), the Procedural Order No. 3 sets out a schedule for the written hearing in this matter and Pembina is writing today to kindly request that Pembina's Application be placed in abeyance. Pembina requests this abeyance for the following reasons:

- 1) Pembina has been diligently working with RESPEC Inc. ("**RESPEC**") towards obtaining an additional Geomechanical Assessment for the entire Corunna Facility. Unfortunately, Pembina is unable to file this additional evidence with the OEB as RESPEC has indicated to Pembina that they have faced some challenges completing the work by the scheduled completion deadline and RESPEC requires additional time to complete this assessment.
- 2) The Ontario Ministry of Natural Resources and Forestry ("**MNRF**") filed their Written Submission today wherein the MNRF describes deficiencies with Pembina's Risk Assessment. Accordingly, Pembina requests the opportunity to address the Risk Assessment requirements by filing additional evidence in support of Pembina's Application and to satisfactorily complete all the requirements of a Risk Assessment.

Pembina is committed to maintaining a positive relationship with the Ontario Energy Board and Ontario Ministry of Natural Resources and Forestry of through direct and transparent communication. As part of our ongoing commitment to this engagement, Pembina will endeavor to complete the additional evidence required.

If you require additional information or have any questions with regards to this filing, please contact Melissa Lundy, Regulatory Advisor at (403) 231-3153 or by email at mlundy@pembina.com.

Sincerely,

Original Signed By
