Dear Ms. Donnelly:

**Re: Ottawa River Power Corporation
Application for Rates
Board File Number EB-2014-0105**

A preliminary review of the Ottawa River Power Corporation (Ottawa River) application has identified that certain sections of the evidence supporting the application do not comply with the OEB's Filing Requirements¹ for cost of service applications and/or the associated spreadsheets, models and workforms. As a result, the OEB is unable to process your application at this time.

The missing information includes:

Chapter 2 Filing Requirements Page Reference	Description
6	Appendix 2-Y Summary of Impacts to Revenue Requirement from Transition to MIFRS.
42	An explanation of how property tax amounts are derived.
61	Appendix 2-Z Proposed Tariff of Rates and Charges.

¹ Chapter 2 of the *Filing Requirements for Electricity Transmission and Distribution Applications*, dated July 16, 2015.

63	The total bill impact, including the combined effects of the shift to fixed rates and other bill impacts associated with changes in the cost of distribution service, for a residential customer at the distributor's 10th consumption percentile.
----	--

The OEB expects that Ottawa River will file the above listed required information as soon as possible.

If any of the information that is identified as missing is located in sections other than those identified in the Filing Requirements, or if any of the information is not applicable in your circumstances, please provide an explanation when filing the remainder of the required information.

Please direct any questions relating to this application to Christie Clark, Project Advisor at 416-440-7683 or Christie.clark@ontarioenergyboard.ca
