## **RATE ORDER**

**EB-2015-0115**

## **NATURAL RESOURCE GAS LIMITED**

Application for an approval of rates and other charges for the sale, distribution, transmission and storage of gas effective October 1, 2015

**BEFORE:**        **Allison Duff**  
                     Presiding Member

---

**September 24, 2015**

## **BACKGROUND**

Natural Resource Gas (NRG) filed an application on July 9, 2015 with the Ontario Energy Board (OEB) under section 36 of the *Ontario Energy Board Act*, 1998, for an order approving changes to rates and other charges effective October 1, 2015. The proposed rate adjustments were based on the Incentive Ratemaking framework.

The OEB issued its Decision on September 10, 2015 approving NRG's proposed rate adjustments as filed. In its Decision, the OEB directed NRG to file a draft Rate Order with the proposed tariff of rates and charges.

## **DRAFT RATE ORDER**

NRG filed a draft Rate Order on September 14, 2015. OEB staff reviewed the draft Rate Order and indicated that the distribution rates appropriately reflected the OEB's Decision.

NRG filed a Quarterly Rate Adjustment Mechanism (QRAM) application dated September 11, 2015 to change commodity rates effective October 1, 2015 (EB-2015-0191). In its QRAM application, NRG included a customer notice that provided information on changes to both, commodity and distribution rates. OEB staff supported NRG's proposal to issue a single customer notice as both rates will be effective October 1, 2015. The OEB accepts NRG's proposal to communicate changes in one customer notice as filed in the QRAM application.

No other parties filed comments in response to the draft Rate Order.

The OEB has reviewed the draft Rate Order and approves it as filed.

No cost awards were sought in the proceeding.

## **THE ONTARIO ENERGY BOARD ORDERS THAT:**

1. The Tariff of Rates and Charges set out in Appendix "A" of this Rate Order is approved, effective October 1, 2015 for natural gas consumed or estimated to have been consumed on and after such date.
2. The Tariff of Rates and Charges set out in Appendix "A" of this Rate Order supersedes all previous distribution rate schedules approved by the OEB for NRG and is final in this respect. NRG's commodity rates will continue to be interim as determined in OEB's EB-2015-0191 decision.

3. Pursuant to section 30 of the Ontario *Energy Board Act, 1998*, NRG shall pay the OEB's costs of and incidental to, this proceeding immediately upon receipt of the OEB's invoice.

All filings to the OEB must quote the file number, **EB-2015-0115** and be made electronically in searchable / unrestricted PDF format through the OEB's web portal at [www.pes.ontarioenergyboard.ca/eservice/](http://www.pes.ontarioenergyboard.ca/eservice/). If, on any day, the customer should take, without the company's approval in advance, a volume of gas in excess of the maximum quantity of gas which the company is obligated to deliver to the customer on such day, or if, on any day, the customer fails to comply with any curtailment notice reducing the customer's take of gas, then,

- (i) the volume of gas taken in excess of the company's maximum delivery obligation for such day, or

Any unauthorized interruptible overrun gas taken in any month shall be paid for at the Rate 1 Delivery Charge in effect at the time the overrun occurs plus any Gas Supply Charge applicable.

The rate applicable to the shortfall from this minimum shall be 3.1530 cents per m<sup>3</sup> for firm gas and 5.4412 cents per m<sup>3</sup> for interruptible gas.

4. The contract may provide that the Monthly Demand Charge specified in Rate Section 1 above shall not apply on all or part of the daily contracted firm demand used by the customer during the testing, commissioning, phasing in, decommissioning and phasing out of gas-using equipment for a period not to exceed one year (the transition period). In such event, the contract will provide for a Monthly Firm Delivery Commodity Charge to be applied on such volume during the transition of 5.7163 cents per m<sup>3</sup> and a gas supply commodity charge as set out in Schedule A, if applicable. Gas purchased under this clause will not contribute to the minimum volume.
