Entegrus Powerlines Inc. has applied to change its electricity distribution rates.

Learn more. Have your say.

Entegrus Powerlines Inc. has applied to the Ontario Energy Board to decrease the amount it charges each month for the typical residential customer beginning on May 1, 2016 by approximately:

- \$1.30 in the Chatham-Kent service area
- \$2.13 in the Dutton service area
- \$0.77 in the Newbury service area
- \$3.49 in the Strathroy, Mount Brydges and Parkhill service area

Other customers, including businesses, may be affected as well.

Entegrus Powerlines Inc. is also proposing to harmonize rates across its service areas starting May 1, 2016. This means that going forward customers in the same class will be charged the same amount for electricity service regardless of where they are located in Entegrus Powerlines Inc.'s service area.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Entegrus Powerlines' request. We will question the company on its case for a rate change and its proposal to harmonize rates. We will also hear arguments from individuals and from groups that represent Entegrus Powerlines' customers. At the end of this hearing, the OEB will decide what, if any, rate changes will be allowed and whether to allow the rate harmonization.

Distributors such as Entegrus Powerlines typically apply for a full review of their rates every five years. Any rate changes for the years in between are made by applying a formula that is tied to inflation and other factors intended to promote efficiency. You may not get notice of future rate changes made by applying the formula.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
