**Applications for the Acquisition of Woodstock Hydro Services Inc.**

**EB-2014-0213**  
**OEB Staff Comments on Draft Rate Order**

On September 11, 2015 the OEB issued its Decision on Applications for the Acquisition of Woodstock by Hydro One Inc. The Decision required Woodstock to submit a draft Rate Order by September 21, 2015, reflecting the OEB's findings in the Decision. Woodstock submitted a draft Rate Order on September 21, 2015.

OEB staff has a few comments regarding the proposed Tariff of Rates and Charges:

- Rate riders related to the Distribution Volumetric Rate should only include four decimal places
- For microFIT service classification, the reference to the Ontario Power Authority should be changed to the Independent Electricity System Operator
- Reference to the OEB file number for the Decision – EB-2014-0213 – should be included at the top of each page

OEB staff requests that in its reply comments, Woodstock confirms that it is in agreement with these changes. Please see the attached updated Tariff of Rates and Charges.

- All of which is respectfully submitted -
