

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B;

AND IN THE MATTER OF an Application by Enersource Hydro Mississauga Inc. for an Order approving rates and other service charges for the distribution of electricity as of January 1, 2016.

**NOTICE OF INTERVENTION
OF THE
SCHOOL ENERGY COALITION**

1. The School Energy Coalition (“SEC”) applies for intervenor status in this proceeding.
2. SEC is a frequent intervenor in Board proceedings. Our current Annual Filing can be found on the Board’s website, here:

<http://www.rds.ontarioenergyboard.ca/webdrawer/webdrawer.dll/webdrawer/rec/462191/view/>

3. The School Energy Coalition intends to apply for recovery of its costs reasonably incurred in the course of its intervention in this matter. SEC has participated in many past natural gas and electricity proceedings in Ontario, including consultations, rate cases, and other processes and hearings, and has been found eligible to be paid its reasonably incurred costs in all of those proceedings.

Issues to be Addressed

4. SEC’s intended participation will focus on the following issues:
 - a. The proposed methodology used for setting rates for the period beginning January 1, 2016, and in particular its consistency with the Board-approved methodology for Enersource, and the results of its application;
 - b. The qualification, amount, and proposed implementation of the Incremental Capital Module;
 - c. Benchmarking and customer engagement results of the Applicant;
 - d. Reliability, customer service, and other outcomes achieved and proposed by the Applicant;
 - e. The cost allocation and rate design proposed for the collection of the revenue requirement, ICM and deficiency from customers, and all studies and other evidence with respect to those issues;

- f. All requests for creation and/or clearance of deferral accounts, and all other components of the Application; and
- g. Generally to represent the interests of school boards and their students in this process.

The Intervenor's Intended Participation

- 5. The School Energy Coalition intends to participate in any pre-hearing procedures, including interrogatories or technical conferences, and settlement conferences. SEC also intends to participate in any oral hearing of this matter, and in written or oral submissions, as well as any other parts of the process that the Board should order.

Nature of Hearing Requested

- 6. Until interrogatories have been answered, we believe it is premature to assess whether a written or an oral hearing is more appropriate in this proceeding.
