Ontario Energy Board
P.O. Box 2319

Dear Ms. Walli:

Re: OEB File No. EB-2015-0268 — Submissions of Planet Energy (Ontario) Corp. in respect of Proposed Amendments to the Electricity Retailer Code of Conduct, the Code of Conduct for Gas Marketers, the Retail Settlement Code and the Gas Distribution Access Rule

We are counsel to Planet Energy (Ontario) Corp. ("Planet Energy").

On Planet Energy's behalf, we thank you for the opportunity to comment on the proposed code and rule amendments. Planet Energy supports the principles expressed in the proposed amendments.

We note that the OEB-approved plain language materials that are contemplated in the proposed amendments are intended to be issued for comment separately in the near term. Planet Energy looks forward to reviewing those and commenting on them.

Additionally, as noted in the Notice of Proposal, some of the proposed amendments are dependent upon legislative changes and, as such, changes to Bill 112 or the regulations thereto, may affect the proposed code and rule amendments. As such, the Notice of Proposal confirms that the Board does not intend to finalize and implement its proposals until the legislative process, including the regulation-making process, has run its course.

Accordingly, we trust that Planet Energy and other stakeholders will be given due notice and time to comment on the proposed amendments to the codes and rules (including those presently proposed and under discussion) following the
