Re: Enersource Hydro Mississauga Inc. 2016 Price Cap IR Application
Board File No. EB-2015-0065

Dear Ms. Walli:

I am writing pursuant to the Board's Notice of Application regarding the above proceeding to request intervenor status.

AMPCO's Interest AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general.

AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario. AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to Ontario's large electricity consumers are being addressed.

AMPCO has previously been approved by the Board in Enersource's proceedings. AMPCO's interest in the Board's regulation of distribution and transmission companies relates generally to the interests of consumers with respect to price, adequacy, reliability and quality of electricity service, and, more particularly, to how costs are allocated to, and rates are designed to recover costs from, industrial customers

AMPCO is intervening in order to ensure that the interests of its members are fully represented in the determination of just and reasonable rates. In this application, Enersource seeks incremental capital rate riders effective January 1, 2016 until the next cost of service rate application. AMPCO is interested in how Enersource's ICM request is aligned with the Board's Renewed Regulatory Framework for Electricity Distributors (RRFE) and the Board's Filing Guidelines. AMPCO is also interested in Enersource's request for funding to connect renewables.

We respectfully request that the Board please confirm AMP CO's eligibility for an award of costs in this matter. AMPCO has been granted intervenor cost awards in other OEB proceedings.
