Re: Pole Attachments Working Group (PAWG)

Dear Ms. Walli:

London Hydro wishes to nominate Jagoda Borovickic, P.Eng., Manager of Engineering, to be considered for participation in the Pole Attachments Working Group (PAWG).

Ms Borovickic was an active participant, along with the Electricity Distribution Association (EDA), in the Canadian Cable Television Association Proceeding (RP-2003-0249). It is felt that given her historical knowledge she would be a valuable contributor to this proceeding.
