**Attention: Ms. Kirsten Walli
Board Secretary**

Dear Ms. Walli:

**Subject: Union Gas Limited (Union) & Enbridge Gas Distribution Inc. (Enbridge)
NEXUS Proceeding
OEB File No. EB-2015-0166 / EB-2015-0175
TransCanada PipeLines Limited (TransCanada)
Procedural Order No. 3: Time Estimate for Cross-Examination**

TransCanada intends to cross-examine the Enbridge panel in regards to needs, costs, benefits, and risk assessment. TransCanada anticipates this cross will take no more than 15 minutes. TransCanada does not intend to cross-examine the Union or Sussex panels.

TransCanada requests Board permission to submit its final argument in writing, according to a schedule and process to be established by the Board, and requests that the Board issue direction in this regard before the start of hearing. TransCanada expects that its final argument will not be long but will include frequent references to technical matters and the record. Accordingly, TransCanada submits that its argument may be better heard if the Board permits TransCanada to submit it in writing.

Yours Truly,

TransCanada PipeLines Limited
