Dear Ms. Walli:

Re: EB-2015-0304 - Pole Attachments Working Group Expression of Interest

This letter is in response to the Ontario Energy Board's notice regarding Review of Miscellaneous Rates and Charges and, specifically, requests for expressions of interest to participate in the proposed Pole Attachments Working Group.

Enersource wishes to nominate Ray Bou, Senior Manager, Standards and Stores, for participation in the proposed working group. Mr. Bou is an electrical engineer with 23 years of industry experience. Ray has contributed to various safety and reliability working groups such as the ESA Serious Incidents Working Group and the OEB Reliability Working Group, as well as the ESA Utility Advisory Council. Ray is accountable for administering joint use agreements and enforcing joint use standards with all third party pole attachers in Enersource's territory. Ray's safety and reliability expertise, along with his direct experience in the area of pole attachments, may be of significant benefit to the Pole Attachments Working Group.

If you have any questions, please do not hesitate to contact me at (905) 283-4098.

Sincerely,
