**Re: Niagara Peninsula Energy Inc. (NPEI)
2016 IRM Rate Application (EB-2015-0090) and
Application to Dispose of LRAMVA Balance (EB-2015-0328)**

On September 28, 2015, NPEI applied for 2016 rates under the OEB's Price Cap IR mechanism. On November 16, 2015, NPEI applied for the disposition of balances in the Lost Revenue Adjustment Mechanism Variance Account (LRAMVA). The OEB will hold a combined hearing for these two applications.

The deadlines for interrogatories, interrogatory replies and submissions established in Procedural Order No. 1 for NPEI's 2016 rate application, will be applied to the LRAMVA balance disposition application. The OEB will issue a combined decision after submissions have been received, and the evidentiary record has closed.

Intervenors may ask interrogatories and make submissions on NPEI's request to dispose of its LRAMVA balance. The OEB will not, however, award costs for evidence review as this aspect of the combined hearing is mechanistic in nature.

Yours truly,
