

1 UNDERTAKING NO. J3.6: TO PROVIDE WHERE IN THE EVIDENCE POWERSTREAM HAS
2 FILED THE INCREMENTAL COST OF MOVING TO THE TWO-YEAR CYCLE FOR REAR
3 LOTS; TO DERIVE WHAT PORTION OF THAT INCREASE IS DUE TO TREE TRIMMING IN
4 THE REAR LOTS

5

6 **RESPONSE:**

7 In its response to interrogatory J-CCC-61 filed on April 10, 2015 (Application Section III, Tab 1,
8 Exhibit J, Tab 1) PowerStream stated on lines 16 and 17: "Therefore, vegetation management
9 costs increased \$300,000 in 2015 from 2014...". While it was not explicitly stated in the IR
10 response, the \$300,000 incremental cost was due to the move to a two-year cycle for rear lots.
