**VIA RESS and E-MAIL**

Ms. Kirsten Walli  
Board Secretary  
Ontario Energy Board  
P.O. Box 2319  
2300 Yonge Street, Suite 2700  
Toronto, Ontario  
M4P 1E4

Dear Ms. Walli:

**Re: Enersource Hydro Mississauga Inc. Application for Distribution Rates  
Effective January 1, 2016, Board File No. EB-2015-0065  
Late Notice of Intervention of Vulnerable Energy Consumers Coalition ("VECC")**

Enersource Hydro Mississauga Inc. ("Enersource") is in receipt of the late Notice of Intervention request from VECC to participate as an intervenor in the above-noted proceeding. Enersource does not object to the late intervention, as VECC has agreed to accept the record to date in the proceeding including the dates set out in Procedural Order No. 1, and VECC will not be filing interrogatory requests (late or otherwise).

However, Enersource is compelled to question the added value VECC is able to provide the Board in its deliberations in this proceeding. Enersource submits that there are two other parties who have been granted intervenor status who claim to represent the interests of residential consumers in Ontario, and whose constituency captures that of VECC's low income consumers.

From paragraph 9 of its letter VECC states that its interests in the application relate to Enersource's proposed request for incremental capital funding and funding to connect renewables. Enersource can find explicit references from at least two parties' requests for intervenor status indicating an intention to address the incremental funding issue, and at least one explicit reference from one intervenor who seeks to address funding to connect renewables.

We trust that the Board will make a determination on this request that is best for Enersource's ratepayers.
