

# ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF HYDRO 2000 INC.

**Hydro 2000 Inc. has applied to raise the rates it charges for the distribution of electricity.**

**Learn more.**

Hydro 2000 Inc. has applied to the Ontario Energy Board to increase the amount it charges for distributing electricity by approximately \$1.44 each month for a typical residential customer that uses 800kWh of electricity per month starting on May 1, 2016. Other customers, including businesses, may be affected as well.

The requested rate change includes an adjustment using a formula which is tied to inflation and other factors intended to promote efficiency.

In 2014 Hydro 2000 Inc. earned significantly more than the amount approved by the Ontario Energy Board. Given Hydro 2000 Inc.'s earnings in 2014, the Ontario Energy Board will assess whether it should grant Hydro 2000 Inc.'s request for an increase to its base rates for 2016.

## THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Hydro 2000's request. We will determine whether Hydro 2000 has used the applicable models and formulas as required by the OEB and whether to approve Hydro 2000's request for a rate adjustment. At the end of this hearing, the OEB will decide on the appropriate rate changes.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
