INTERIM ORDER

EB-2015-0352

COMSATEC INC.

Application for an Electricity Retailer Licence

BY DELEGATION, BEFORE: Peter Fraser
Vice President,
Industry Operations & Performance

December 17, 2015

ORDER

Comsatec Inc. filed an application dated December 4, 2015 under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for renewal of its Agent Only (Large Volume Consumers) Electricity Retailer Licence ER-2010-0299.

Comsatec Inc.'s current licence ER-2010-0299 was issued on December 30, 2010 and remains in force until December 29, 2015. The date the applicant filed its application has provided insufficient time for processing the licence renewal application prior to the current licence expiry. The licence provides that the term may be extended by the OEB. The applicant is currently engaged in acting as an agent or broker for the retail of electricity to large volume consumers only.

Considering the time required for processing an application in accordance with the OEB's established practice and procedures, and considering the applicant's activities, I find that it is in the public interest to issue an interim order granting a short-term extension to the applicant's Electricity Retailer Licence ER-2010-0299 pending final disposition of the matter.

The applicant is reminded that it carries the onus of filing an application in a timely basis given the time required to process licence applications according to the OEB's established practice and procedures before licence expiry. This order does not constitute a final decision on the application.

IT IS ORDERED THAT:

The term of Comsatec Inc.'s Electricity Retailer Licence ER-2010-0299 is extended until the licence renewal application is determined on a final basis.

DATED at Toronto December 17, 2015
