Re: Application by the Smart Metering Entity for extension of the SME/LDC Agreement and Disbursement of the Service Levels Credit Account; OEB File: EB-2015-0298

Dear Ms. Walli:

As London Hydro is an LDC and therefore a party to the above noted agreement, London Hydro believes that it should be given the opportunity to participate in the review of the agreement before OEB acceptance. Hence London Hydro would propose that the OEB open the above application to full public review.

Please do hesitate to contact me if you have questions.
