**Re: North Bay Hydro Distribution Ltd.
Application for 2015 Distribution Rates
Board File Number: EB-2014-0099**

In its Rate Order dated December 17, 2015 the OEB approved the Tariff of Rates and Charges filed by North Bay Hydro Distribution Ltd. (North Bay Hydro) on November 19, 2015. Due to a transcription error, the monthly variable charge on the Retail Service Charges sheet was identified as \$0.50 per customer instead of the distributor-specific charge of \$1.37 per customer that had been first approved in North Bay Hydro's prior cost of service application (EB-2009-0270).

The OEB has amended the Tariff of Rates and Charges for the Retail Service Charges so that the monthly variable charge is corrected to \$1.37 per customer.

The revised Tariff of Rates and Charges is attached. This revised Tariff of Rates and Charges supersedes and replaces any previously approved tariff of rates, charges and loss factors.

Yours truly,
