Attention: Kirsten Walli, Board Secretary

Dear Ms. Walli:

**Re: EB-2014-0099
North Bay Distribution Ltd. (NBHDL)
DRO Comments**

It has come to NBHDL's attention that the Revised Tariff of Rates and Charges, issued by the Board December 29, 2015, has a minor error in the Retail Transmission Rate – Line and Transformation Connection Service Rate for the Street Light Class. The approved rate that was listed on the July 1, 2015 Interim Tariff of \$1.6086 / kW is listed incorrectly on the December 29, 2015 Tariff as \$1.6088 / kW.

NBHDL acknowledges that this error is immaterial in nature, but would request that the Tariff be revised to reflect the approved Connection rate for this class. NBHDL would also bring to the Board's attention that billing for December consumption will not begin prior to January 15th, 2016.

Yours truly,
