**Re: North Bay Hydro Distribution Ltd. (North Bay Hydro)  
Application for 2015 Distribution Rates  
Board File Number: EB-2014-0099**

On January 7, 2016, North Bay Hydro filed a letter indicating that the Revised Tariff of Rates and Charges, issued by the OEB on December 29, 2015 had an error in the Retail Transmission Rate – Line and Transformation Connection Service Rate for the Street Lighting class. Due to a transcription error, the rate was shown as \$1.6088 per kW instead of the \$1.6086 per kW charge that was approved by the OEB in its Decision and Order on July 16, 2015.

The OEB has amended the Tariff of Rates and Charges for the Street Lighting class so that the Retail Transmission Rate – Line and Transformation Connection Service Rate is corrected to \$1.6086 per kW.

The revised Tariff of Rates and Charges is attached. This revised Tariff of Rates and Charges supersedes and replaces any previously approved tariff of rates, charges and loss factors.

Yours truly,
