Dear Ms. Walli,

EB-2015-0079 – HONI Distribution Rates 2015-2017– Hydro One Networks Comments on Intervenor Cost Claims

Hydro One Networks "Hydro One" has received and reviewed the cost claims from School Energy Coalition "SEC", Energy Probe, Consumers Council of Canada "CCC", and Balsam Lake Coalition "BLC".

With respect to the cost claims from CCC and BLC, Hydro One has reviewed and raises no issues with their claims.

With respect to the costs claim from SEC, Hydro One would like to request the Assessment Officer ensure that the claim is just and appropriate as the timeframe for the work charged for their student preceded the filing of the Draft Rate Order on September 30, 2015.

With respect to the costs claim from Energy Probe, Hydro One would like to request the Assessment Officer ensure that the claim is just and appropriate given their submission of costs for three consultants and the large dollars and hours being claimed.

Hydro One awaits the recommendations and/or cost awards of the Board with respect to the above mentioned cost claims.

Sincerely,
