Dear Ms. Walli:

**Re: Regional Planning and Cost Allocation Review
EB-2016-0003
Letter of Participation**

On January 7, 2016, the OEB initiated a consultation to consider the cost responsibility provisions for load customers in the Transmission System Code ("TSC") and Distribution System Code ("DSC"); and further, the need for amendments to the TSC and DSC to implement any policy changes related to cost responsibility. The OEB invited expressions of interest to participate in that consultation. EnWin Utilities Ltd. ("EnWin") intends to participate in the consultation process.

Correspondence should be addressed to:
