## DECISION AND ORDER

London Health Sciences Centre filed a complete application on November 23, 2015 with the Ontario Energy Board (OEB), under section 60 of the *Ontario Energy Board Act, 1998* (the Act) for an electricity retailer licence. The licence would allow the applicant to retail electricity to large volume consumers in Ontario.

A Notice of Application and Written Hearing was posted on the OEB's website on December 7, 2015. The Notice provided time for submissions on the application evidence, as well as responses from the applicant. No parties responded to the Notice.

This Decision and Order is being issued by Delegated Authority, pursuant to Section 6 of the Act.

After considering the application, it has been found to be in the public interest to issue the electricity retailer licence under Part V of the Act to London Health Sciences Centre.

### IT IS ORDERED THAT:

1. The application for an electricity retailer licence is granted, on such conditions as are contained in the attached licence.
