**ORDER**

Entegrus Transmission Inc. (Entegrus) filed an application dated December 29, 2015 under section 74 of the *Ontario Energy Board Act, 1998* (OEB Act) for a licence amendment to amend the expiry date of its Electricity Transmission Licence ET-2010-0351.

I have considered the application without holding a hearing pursuant to section 6(4) of the OEB Act.

Entegrus' electricity transmission licence is set to expire on May 23, 2016. Entegrus is requesting that the OEB amend the effective date of its transmission licence to the earlier of:

- The date upon which Entegrus is designated as a developer of transmission assets in Ontario pursuant to a Board designation process; or,
- The date upon which Entegrus applies to amend Schedule 1 of its licence to specify the facilities to be owned and/or operated by Entegrus.

The applicant made its request to amend the effective date of its licence pursuant to the Board's Decision and Order issued on November 2, 2011 under the proceeding EB-2011-0260. Consistent with that decision, I find that it is in the public interest to amend Entegrus' licence by changing the effective date of the licence.

**IT IS ORDERED THAT:**

1. The amendment to the expiry date of Electricity Transmission Licence ET-2010-0351 is granted, on such conditions as are contained in the attached licence.

**DATED** at Toronto February 4, 2016
