Ms Walli

Re: Greenhouse Gas Emission  
Impact Deferral Accounts

The purpose of this letter is to transmit concerns municipal council raised during their regular meeting of January 25<sup>th</sup>, 2016.

Even though Council had no objections to the creation of these deferral accounts, they have real concerns about the financial impact these new cost will have on individual customers. The greenhouse gas emission Cap & Trade program and its associated costs should not be passed along to individual customers, but should rather be borne directly from the net profits of Union Gas.

Sincerely yours

  
Robert Courchesne  
Clerk Treasurer Administrator
