Re: Distributor Gas Supply Planning Consultation ([EB 2015-0238](#))

The intent of this consultation is to gain insight about the distributors' gas supply planning process framework and to highlight the impact of the process differences between distributors on gas consumers in the province of Ontario.

As part of this consultation, on January 8th, 2016 Enbridge Gas Distribution and Union Gas, with input from participants, finalized the Table of Contents for a side-by-side comparison document that is being developed on the gas supply planning processes undertaken by the distributors. Guided by the Table of Contents, distributors will complete the document and distribute to participants by February 23rd, 2016.

Participants will be asked to review the document and submit comments by March 8th, 2016.

The purpose of this letter is to invite participants on March 22nd, 2016 to the OEB offices for a half day forum to discuss the comparison document developed by the distributors and to provide participants with the opportunity to discuss its contents.

Details of the Forum are:

Location: Ontario Energy Board
2300 Yonge Street
North Hearing Room
