Attn: Kirsten Walli, Board Secretary

Dear Ms. Walli:

Re: EB-2015-0276 – Union 2014 DSM Clearances – SEC Confidentiality Comments

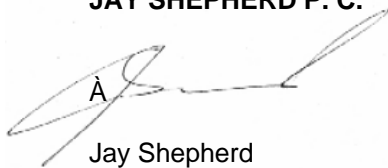

We are counsel for the School Energy Coalition. Pursuant to Procedural Order #1 in this proceeding, this letter constitutes SEC's comments on the Applicant's claim for confidentiality.

With respect to Appendices L and M of Exhibit B, Tab 1, SEC has no submissions, and we do not object to the proposed redactions.

With respect to Appendix N of Exhibit B, Tab 1, the Applicant has redacted essentially the whole report. This is not credible. We have seen the reports of Diamond Engineering regularly, and they never require such extensive redaction. In our submission, Union Gas should be required to go back and redact Appendix N in the same manner as Appendices L and M, and produce a public version of the Diamond Engineering report that is largely intact, but for a limited number of redactions.

All of which is respectfully submitted.

Yours very truly,
JAY SHEPHERD P. C.
