**March 3, 2016**

## ORDER

London Street Power Corporation (LSPC) filed an application on December 22, 2015 under section 60 of the *Ontario Energy Board Act, 1998* (OEB Act) for an electricity generation licence. LSPC will generate electricity from the London Street Generating Station which is comprised of a 4 MW existing hydropower facility and, an adjacent, new 6 MW facility.

On December 22, 2015, Peterborough Utilities Inc. (PUI) filed an application under section 74 of the OEB Act to amend its electricity generation licence EG-2003-0110. PUI applied to amend Schedule 1 of its licence to remove the existing 4 MW London Street Generating Station.

Due to the related nature of the applications I have proceeded to combine the applications into one proceeding pursuant to section 21(5) of the Act.

I have considered the applications without holding a hearing pursuant to section 6(4) of the OEB Act.

### IT IS ORDERED THAT:

1. The application by London Street Power Corporation for an electricity generation licence is granted, on such conditions as are contained in the attached licence.
2. Peterborough Utilities Inc.'s electricity generation licence EG-2003-00110 is amended. The amended licence is attached to this Order.

**DATED** at Toronto March 3, 2016
