**Re: Ontario Energy Board Generic Proceeding
Natural Gas Community Expansion
Board File No.: EB-2016-0004**

Enbridge writes this letter as a result of the communications on March 3, 2016 from the Ontario Energy Board (“OEB”), which granted extensions to the March 4, 2016, deadline for filing evidence in the above noted proceeding to each of, the Municipalities of Kincardine, Arran-Elderslie, and the Township of Huron-Kinloss (“Southern Bruce”) – to March 9, 2016, and the Ontario Geothermal Association (“OGA”) – to some future date yet to be determined.

Enbridge comments that the determination of whether to grant an extension to the evidence filing deadline should not be afforded to only some participants having considered their individual explanations, as in the case of the requests for extension by the Canadian Propane Association (“CPA”), and now Southern Bruce and OGA, as it does not maintain a level of fairness for all who are intending to or are required to file evidence.

Enbridge submits, that in order to maintain a level of fairness to all participants that the OEB should grant to all parties, an extension to the evidence filing deadline afforded to Southern Bruce, that being March 9, 2016.

Please contact the undersigned if you have any questions.

Yours truly,
