VIA RESS AND COURIER

Ms. Kirsten Walli
ONTARIO ENERGY BOARD
P.O. Box 2319, 27th Floor
2300 Yonge Street
Toronto, Ontario
M4P 1E4

Dear Ms. Walli:

Re: EB-2015-0276 – Union Gas Limited (Union) Application for 2014 Demand Side Management Clearance of Variance Accounts.

Additional IGUA Interrogatories on Appendix N – 2014 Verification of Large Custom Projects.

On March 3rd we wrote to the Board to comment on Union's claim for confidential treatment for the captioned exhibit, being the *Verification of Large Custom Projects* report (the Diamond Report). In our March 3rd letter we noted that the School Energy Coalition (SEC) had also filed comment on Union's claim for confidential treatment of this report.

We attach a set of interrogatories for Union on the Diamond Report. While these are filed late, we ask that Union make reasonable efforts to respond to these interrogatories as and when it is able to do so.

We do not believe that there is any information contained in the interrogatories as drafted that could reasonably be characterized as confidential, or which could reasonably be asserted to, if made public, compromise the position of any of the customers who were the subject of the Diamond Report or the work leading up to it. Pending the Board's ruling on Union's request for confidential treatment, however, we have treated these interrogatories in keeping with the Board's expectations related to confidential materials. Accordingly, we have provided copies of the interrogatories only to the intervenor representatives who have executed the Board's Declaration and Undertaking as to confidentiality (ie. representatives

for BOMA, OSEA and CME), and to Union and its legal counsel, and we have not filed them on the Board's RESS.

Yours truly,

Ian Mondrow
