Dear Ms. Walli:

**Re: Board File No. EB-2014-0116
Toronto Hydro-Electric System Limited (THESL)
Cost Claim of Vulnerable Energy Consumers Coalition (VECC)**

We have attached the cost claim of the Vulnerable Energy Consumers Coalition (VECC) associated with its participation in the above noted proceeding. We have also directed a copy to the applicant. VECC In addition to the proceedings associated with the THESL Custom IRM application, VECC participated in the ancillary proceeding associated with the determination of the pole attachment rate associated with the intervention of the Carriers. VECC also retained a telecom expert to advise with respect to a number of aspects of telecom cost allocation whose work was reflected in the interrogatories.

We have attempted to set out the time spent as much as possible to adhere to the new cost claim schedule. Unfortunately there are a number of items of work that do not fit neatly into the different form categories. Motions, procedural and substantive, review and response to procedural decisions and Board letters and some of necessary routine responses required to the over 350 emails received in the course of the hearing are among the items not easily classified on the new form. We have used, in part, the "Other Conference" category to try and capture many of these kind of entries, or simply used the category that is closest in time to the work done. The organization of time by the form may thus not lend itself to a precise accounting of how much time was actually spent on any aspect of VECC's participation in this proceeding, but the description of the work in the dockets attached is accurate to the best of our knowledge.

Yours truly,

Michael Janigan
Counsel for VECC
