Dear Ms. Welsh:

**Re: Varying Decision and Final Rate Order
Orillia Power Distribution Corporation
Application for 2016 Distribution Rates
OEB File Number: EB-2015-0286**

In the Decision and Final Rate Order issued in EB-2015-0286 on January 14, 2016 there was an omission in the OEB's findings. Orillia Power had requested interim disposition of account 1576. While the OEB approved Orillia Power's request, the "Findings" section of the Decision and Rate Order does not specify that disposition be on an "interim" basis.

The OEB corrects the Decision and Final Rate Order as follows.

On page 3 of the revised Decision, bullet 1 now contains the additional (underlined) wording.

THE ONTARIO ENERGY BOARD ORDERS THAT:

1. The Tariff of Rates and Charges set out in Schedule A of this Order is effective January 1, 2016. All rates are final, except for standby rates and rate riders for the disposition of Account 1576, which will remain interim. Orillia Power shall notify its customers of the rate changes no later than the delivery of the first bill reflecting the new rates.

In Schedule A, "Tariff of Rates and Charges", the rate rider for Account 1576 now contains the additional (underlined) wording:

Rate Rider for Disposition of Account 1576 - effective until December 31, 2016 -
Approved on an Interim Basis

Pursuant to Rule 43.02 of the *Rules of Practice and Procedure*, the OEB may at any time, without notice or a hearing of any kind, correct typographical errors, errors of calculation or similar errors made in its orders or decisions. The OEB considers these omissions to be typographical errors. The Revised Decision and Final Rate Order is not changed in any other way (see attached).

Yours truly,
