**Attention: Mr. John Pickernell
Application Administration**

Dear Mr. Pickernell:

**Re: Pembina Infrastructure and Logistics LP ("Pembina")
Application by Pembina Infrastructure and Logistics LP for a permit to drill hydrocarbon injection and withdrawal wells within the vicinity of the Moore 3-21-XII Designated Storage Area and to expand the storage capacity at the Corunna Storage Terminal (the "Application")
Procedural Order No. 4 – Abeyance Update
Board File No.: EB-2015-0032**

The Ontario Energy Board's ("OEB") Procedural Order No. 4 established that the Application be held in abeyance until such time that Pembina informed the OEB that Pembina had filed the additional Geomechanical Assessment and the Risk Assessment. Pembina is writing today to provide the following update:

- 1) Pembina has been diligently working with Stantec Consulting Ltd. ("Stantec") who have completed the modeling required to prepare the Risk Assessment. At the time, Pembina is finalizing the Risk Assessment that will fully address all of the components of s. 7.1 and 7.2 of CSA Z341, which Pembina expects to file with the OEB by no later than **April 29, 2016**; and
- 2) The Geomechanical Assessment for the entire Corunna Facility is nearly complete by RESPEC Inc. Pembina expects to file same with the OEB by no later than **March 28, 2016**.

When filing the above material with the OEB, Pembina will concurrently provide copies to all intervenors.

In keeping with the above, Pembina requests that the OEB remove the Application from abeyance. In addition, Pembina kindly requests that the OEB issue a Procedural Order setting out new dates for interrogatories on the above referenced material and the subsequent filing of submissions, as well as any other procedural steps the OEB deems necessary.

Pembina is committed to maintaining a positive relationship with the Ontario Energy Board, Ontario Ministry of Natural Resources and Forestry and the List of Intervenor in EB-2015-0032 through direct and transparent communication.

If you require additional information or have any questions with regards to this filing, please contact Melissa Lundy, Regulatory Advisor at (403) 231-3153 or by email at mlundy@pembina.com.

Sincerely,
