Toronto Hydro-Electric System Limited has applied to the Ontario Energy Board to increase the amount it charges by \$0.49 each month for the typical residential customer for a 14-month period beginning on November 1, 2016. Other customers, including businesses, may be affected as well.

The requested increase is based on the difference between the revenue amount that was forecast for Toronto Hydro-Electric System Limited's 2012 to 2014 distribution rates and the actual revenue required, which is a greater amount.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
