Ms. Leslie Dugas  
Bluewater Power Distribution Corporation  
855 Confederation Street  
Sarnia ON N7T 7L6

Dear Ms. Dugas:

**Re: Correction to Rate Order  
Bluewater Power Distribution Corporation  
Application for Rates  
OEB File Number EB-2015-0053**

The Ontario Energy Board (OEB) issued a Decision and Rate Order in the above-noted proceedings on March 17, 2016. The Rate Order contained a typographical error related to the units for the calculation of a rate rider. Today, the OEB is reissuing the Rate Order, with the typographical error corrected.

This correction affects each of the following classes:

- General Service 50 to 999 kW
- General Service 1,000 to 4,999 kW
- Sentinel lighting
- Street Lighting

The Rate Rider for Disposition of the Global Adjustment account now reads:

Rate Rider for Disposition of Global Adjustment Account (2016) - effective until April 30, 2017      \$/kWh  
Applicable only for non-RPP Customers

In the Rate Order as originally issued, the line read:

Rate Rider for Disposition of Global Adjustment Account (2016) - effective until April 30, 2017      \$/kW  
Applicable only for non-RPP Customers

While it is uncommon for global adjustment variance rate riders to be allocated on an energy basis to these customer classes, Bluewater Power Distribution Corporation has adopted this approach since 2011.

The corrections can be found on pages 5, 6, 9 &10 of Appendix A, "Tariff of Rates and Charges", a copy of which is attached

Pursuant to Rule 43.02 of the *Rules of Practice and Procedure*, the OEB may at any time, without notice or a hearing of any kind, correct typographical errors, errors of calculation or similar errors made in its orders or decisions. The OEB considers this error to be typographical. The Revised Rate Order is not otherwise changed in any way.

Yours truly,

*Original Signed By*

John Pickernell
