Dear Mr. Richard:

**Re: Correction to Final Rate Order
Hearst Power Distribution Limited
Application for Rates
OEB File Number EB-2014-0080**

The OEB issued a Final Rate Order in the above-noted proceeding on January 21, 2016. The document contained a typographical error. Today, the OEB is reissuing the Final Rate Order, with the typographical error corrected.

The correction can be found on page 1 of Schedule B, "Tariff of Rates and Charges", a copy of which is attached. The rate rider for deferral and variance account disposition (2016) for the Residential rate class has been corrected to be applied as a credit of (\$0.0013) per kWh to customers.

The Final Rate Order as originally issued contained a debit rate rider of \$0.0013 per kWh for disposition of this account for the Residential rate class.

The error has been applied to Residential customers' bills for the period of January and February, 2016. Hearst Power shall apply a credit adjustment to its Residential customers' bills based on actual consumption for January and February 2016 with its next billing cycle for March, 2016.

Pursuant to Rule 41.02 of the Rules of Practice and Procedure, the OEB may at any time, without notice or a hearing of any kind, correct a typographical error, error of calculation or similar error made in its orders or decisions. The OEB considers this error to be typographical. The Final Rate Order is not otherwise changed in any way.

Yours truly,
