Dear Mr. Vegh:

**Re: Request to vary leave to construct (LTC) approval granted in EB-2013-0203
Ontario Energy Board (OEB) Regarding Smithville Modification
OEB File Number EB-2016-0143**

This will acknowledge receipt on April 1, 2016 of your motion pursuant to Rule 40.01 of the Board's *Rules of Practice and Procedure* for the OEB to vary the LTC Order granted in EB-2013 0203. You state that the motion is required to modify the transmission route at request of the Municipality of West Lincoln in order to avoid the transmission line being located in proximity to an area proposed for future urban expansion. The Ontario Energy Board ("Board") has assigned File Number **EB-2016-0143** to this matter. Please refer to this file number in all future correspondence to the Board regarding this matter. All information related to this matter must be filed with the Board Secretary.

Please direct any questions relating to this application to Michael Lesychyn, Project Advisor at 416-440-7632 or Michael.Lesychyn@ontarioenergyboard.ca.

Yours truly,
