**Re: Enbridge Gas Distribution Inc. ("Enbridge")
EB-2012-0451- Greater Toronto Area Pipeline Project ("GTA")
Conditions of Approval – Project Engineer**

On January 30, 2014, the Ontario Energy Board (the "Board") issued the Decision and Order for the GTA project which included the Conditions of Approval for Enbridge as Appendix G to the Decision.

As per paragraph 2.2, of the Conditions of Approval, Enbridge provided the name and contact information of the designated Project Engineer, Brian Wikant. In his April 13, 2016 letter to the Board, Mr. Wikant informed the Board that all pipelines and facilities associated with the GTA Project, other than Ashtonbee and Buttonville Stations, are complete and energized.

We would like to advise the Board that the Project Engineer responsible for the fulfillment of the Conditions of Approval on the construction site of the Ashtonbee¹ and Buttonville Stations is Neil MacNeil. Mr. MacNeil's contact information is as follows:

Neil MacNeil, P. Eng.
Senior Manager, Major Projects
Enbridge Gas Distribution Inc.
Office: 416 495-5646
Cell: 416 705-4501
