Re; Board file number EB-2016-0004

Please use this letter as confirmation and support to natural gas service for Scugog Island. Scugog Island has over 1,100 homes and 3,000 residents. The lack of natural gas on the island puts great hardship on the elderly residents and stay at home mothers as the cost of heating with electricity becomes very costly. Although we live on an island there is just a short distance from the mainland along the Hwy 7a causeway which should make construction easy..

Thank you for your support in this matter
