Dear Ms. Walli:

**Re: Decision and Order on Cost Awards - EB-2015-0074 - Halton Hills Hydro Inc.,
Vulnerable Energy Consumers Coalition (VECC)**

We are in receipt of the Decision concerning Cost Awards in the above noted proceeding. We note that the claim of VECC was reduced in the Decision because of a finding of an excessive amount of preparation by VECC representation for the ADR. We have no wish to seek to amend this order but would point out that there are limitations to the cost summary form that often require time to be lumped into the closest category from a temporal sense. In the result, the form may not represent an exact description of the work. As it appears that the category subtotals will be scrutinized in the manner indicated in the decision, we will endeavor in future to separate out the time that does not strictly fall into one of the form's categories and report it in another fashion therein. We hope that will assist in any review of our cost claims.

Yours truly,
