Dear Board Secretary:

Re: Status ED-2012-0074

The Ontario Energy Board issued Dubreuil Lumber Inc. an interim electricity distribution licence originally on March 5, 2012. Over the years temporary licences have been issued on an annual basis. The current licence expires on July 29, 2016. I'm requesting an extension or renewal of the existing interim electricity distribution licence.

If you require additional information or have any question feel contact us .

Thank You
