Union Gas Limited

**Application for leave to construct natural gas pipelines
and ancillary facilities in the Municipality of Leamington**

PROCEDURAL ORDER NO. 5

May 20, 2016

Union Gas Limited (Union) filed an application with the Ontario Energy Board (the OEB) on January 14, 2016, in accordance with section 90 of the *Ontario Energy Board Act*, 1998, for leave to construct a natural gas pipeline and ancillary facilities to serve the growing greenhouse market in the Municipality of Leamington. The proposed expansion project consists of 6.7 km of NPS 12 natural gas pipeline, 250 metres of NPS 16 natural gas pipeline, 60 metres of NPS 8 natural gas pipeline and ancillary facilities.

The OEB issued Procedural Order No. 4 on April 21, 2016. In Procedural Order No. 4, the OEB established a schedule for filing submissions on the non-land related issues in the proceeding. The OEB also stated that it would allow parties the opportunity to review the AC Interference Study prior to making submissions on the land issues raised by Hydro One Networks Inc. (Hydro One).

The AC Interference Report prepared by Corrosion Service Company Limited (CSCL) was filed on May 19, 2016. Union noted that it will be meeting with Hydro One in the near future to review and discuss the AC Interference Report.

The OEB is of the view that it is best to allow Union and Hydro One the opportunity to reach an agreement on the land issues prior to scheduling further procedural steps in the proceeding. The OEB expects that Union and Hydro One will work diligently to come to an agreement.

The OEB considers it necessary to make provision for the following matters related to this proceeding. The OEB may issue further procedural orders from time to time.

THE OEB ORDERS THAT:

1. Union and Hydro One shall file a letter with the OEB, and deliver the letter to all intervenors, no later than **May 27, 2016** advising as to whether they have come to an agreement on the land issues. If the companies reach an agreement, the specifics of the agreement must be set out in the letter.

All filings to the Board must quote the file number, **EB-2016-0013** and be made electronically in searchable/unrestricted PDF format through the OEB's web portal at <https://www.pes.ontarioenergyboard.ca/eservice/>. Two paper copies must also be filed. Filings must clearly state the sender's name, postal address and telephone number, fax number and e-mail address. Parties must use the document naming conventions and document submission standards outlined in the RESS Document Guideline found at <http://www.ontarioenergyboard.ca/OEB/Industry>. If the web portal is not available, parties may email their documents to the address below.
