Attention: Kirsten Walli,
Board Secretary

Dear Ms. Walli:

Re: EB-2015-0275 – Proposed Additions to Draft Issues List

BOMA is supportive of the issues proposed by the IESO, and suggests two additional issues.

The first issue, Performance Measurement and Metrics, which was discussed at page 13 of the IESO's Business Plan, is a follow-up from the Board's Decision in EB-2013-0326, in which it discusses the OPA's performance and efficiency metrics and milestones, and states (page 9) that:

"The Board expects that the merged entity's first fee submission will show an improvement in the setting and achievements of performance targets and metrics".

The second proposed issue deals with whether the IESO has responded appropriately to previous IESO and OPA Board Decisions and Settlement Agreements. It has been an issue in OPA revenue requirement proceedings for several years. See, for example, the Issues List for EB-2013-0326.

Therefore, BOMA suggests the following additions to the IESO's Draft Issues List:

1. Add:

"4.0 Performance Measurement and Metrics

4.1 Are the IESO's corporate performance measures for 2016 appropriate and reasonable, and do they contain metrics so as to allow parties and the Board to assess the extent to which they will have been realized?"

2. Add:

"5.0 Commitments From Previous Settlement Agreement and Decision

5.1 Has the IESO responded appropriately to previous IESO and OPA Settlement Agreements and Decisions?"

Yours truly,
