Dear Ms. Walli:

**Re: EB-2016-0152 - Application by Ontario Power Generation Inc.
For 2017-2021 Payment Amounts (the "Application")**

This is to advise that while OPG Regulatory Affairs was making our Application filing today, we received a copy of a letter from Candu Energy Inc. ("Candu") asserting confidential protection over all or particular parts of the Steam Generator Engineering, Procurement, and Construction Agreement (the "SG EPC Contract") to which it is one of the parties with OPG.

So as to not prejudice Candu's position regarding what it asserts is confidential about the SG EPC Contract, OPG has removed the entire SG EPC Contract and a contract summary with respect to the SG EPC Contract from its non-confidential filing (Exhibits D2-2-3, Attachments 4 and 9 respectively). However, OPG is not now in a position to accordingly adjust its exhibit list, tab references, and the like.

OPG will seek confidential protection of the SG EPC Contract and the contract summary in accordance with the OEB's Rules and Practice Direction and these documents will be filed as part of OPG's confidential filing.

Respectfully submitted,
