Re: Application for the amalgamation of PowerStream Inc., Enersource Hydro Mississauga Inc.,
Horizon Utilities Corporation and Brampton Networks Inc. (LDC Co.)
AMPCO Intervention Request
Board File No. EB-2016-0025

Dear Ms. Walli:

I am writing pursuant to the Board's Notice of Application and Hearing regarding the above proceeding to request intervenor status.

AMPCO's Interest

AMPCO is a not-for-profit consumer interest advocacy organization. AMPCO's members represent Ontario's major industries: forestry, chemical, mining and minerals, steel, petroleum products, cement, automotive and manufacturing and business consumers in general. AMPCO members are major investors, major employers and a major part of communities in which we operate, across Ontario.

AMPCO's interest in the Board's regulation of the electricity sector relates generally to the interests of consumers with respect to price, adequacy, reliability and quality of electricity service, and, more particularly, to how costs are allocated to, and rates are designed to recover costs from, industrial customers.

AMPCO and its member companies are well known to the Board. AMPCO participates in many proceedings, working groups, consultations and initiatives of the Ontario Energy Board in which matters relevant to customers and Ontario's large electricity consumers are being addressed. AMPCO has previously been approved by the Board in numerous proceedings related to the above distributors that are to make up the proposed amalgamated LDC Co.

The Application contains a number of requests including a deferred rebasing period of 10 years, an earnings Sharing Mechanism for years 6 to 10 of the rebasing deferral period, mechanisms to deal with post-closing distribution rate issues, and potential use of the Board's ICM during the deferral period; all of which impact customers.

AMPCO is intervening in order to ensure that consumer interests and in particular the interests of industrial customers are fully represented in the determination of future just and reasonable rates.

We respectfully request that the Board please confirm AMP CO's eligibility for an award of costs in this matter.
