Dear Ms. Walli

**Re: Enbridge Gas Distribution Inc. (the “Company” or “Enbridge”)
Ontario Energy Board (the “Board”) File: EB-2015-0267
2014 Demand Side Management (“DSM”) Clearance of Variance Accounts**

Within the EB-2015-0267 Decision and Order issued on May 26, 2016, the Board approved the amounts within the 2014 DSM related deferral and variance accounts and indicated that clearance of the accounts should occur at the time of Enbridge's July 1, 2016 QRAM proceeding.

We write this letter to inform the Board that given the timing of the decision, the required work to permit clearance of the balances with the July 1, 2016 QRAM application is not achievable.

Within the Company's EB-2015-0142 ESM and Deferral and Variance Account Clearance application, the Company proposed to clear the EB-2015-0267 approved balances in conjunction with the balances approved as part of that proceeding.

Enbridge respectfully requests that the Board approve the proposed timing within the EB-2015-0142 proceeding, of October 1, 2016, for clearance of the approved 2014 DSM related account balances.

Ms. Kirsten Walli
