Union Gas Limited

Application for leave to construct natural gas pipelines in the City of Greater Sudbury

PROCEDURAL ORDER NO. 2

May 31, 2016

Union Gas Limited (Union) filed an application with the Ontario Energy Board (OEB) on March 11, 2016, under section 90 of the *Ontario Energy Board Act, 1998*, for leave to construct natural gas pipelines to replace two sections of the existing Sudbury lateral NPS10 Line, due to system integrity concerns and future growth requirements. The proposed expansion project consists of a total of 850 m of NPS 12 natural gas pipeline, with the first section being 700 m long and the second section 150 m long.

The OEB issued a Notice of Hearing on April 1, 2016. The Industrial Gas Users Association (IGUA) requested and was granted intervenor status. There are no other intervenors.

The OEB issued Procedural Order No.1 (PO No. 1) on April 25, 2016 setting out the schedule for a written proceeding including provision for IGUA and OEB staff to file evidence; for interrogatories on that evidence and for IGUA and OEB staff to respond to those interrogatories. On May 30, 2016, IGUA and OEB staff each advised the OEB that they will not file evidence. Based on that information, the OEB will revise the procedural schedule set out in PO No. 1 as set out below.

IT IS THEREFORE ORDERED THAT:

1. The schedule set out in PO No. 1 is revised as follows:
 - a. Item 3 (filing of evidence by IGUA and OEB staff), Item 4 (filing of interrogatories on such evidence) and Item 5 (responses to such interrogatories) are deleted;

- b. Item 6 is replaced with the following: “Any written submissions of OEB staff and IGUA shall be filed with the OEB and delivered to Union by **June 14, 2016**”; and
- c. Item 7 is replaced with the following: “Any written reply by Union shall be filed with the OEB by **June 28, 2016**.”

All filings to the OEB must quote the file number, **EB-2016-0122** and be made electronically in searchable/unrestricted PDF format through the OEB’s web portal at <https://www.pes.ontarioenergyboard.ca/eservice/>. Two paper copies must also be filed. Filings must clearly state the sender’s name, postal address and telephone number, fax number and e-mail address. Parties must use the document naming conventions and document submission standards outlined in the RESS Document Guideline found at <http://www.ontarioenergyboard.ca/OEB/Industry>. If the web portal is not available, parties may email their documents to the address below.

All communications should be directed to the attention of the Board Secretary at the address below, and be received no later than 4:45 p.m. on the required date.
