Dear Ms. Sebalj:

**Re: EB-2016-0050 – Hydro One GLPT
Algoma Coalition - Interrogatories
Our File No.: 12524-10**

We are solicitors for the Algoma Coalition (the "Coalition").

As you are aware, on May 27, 2016, the Coalition appealed the Registrar's decision in Procedural Order No. 1 to deny the Coalition eligibility for the costs of its intervention in the above noted proceeding. Among other relief, the Coalition requested that the enumerated items 2–4 be stayed pending the outcome of its appeal.

The Coalition has made clear to the Board on numerous occasions, including in its present appeal, that its circumstances are unique and that it cannot participate in Board proceedings absent eligibility for cost awards. It is for this very reason that the Coalition requested a stay of the above noted enumerated items in Procedural Order No. 1.

To date there has been no response from the Board regarding the Coalition's appeal. Deadlines for filings continue to come and go, including today's deadline to request additional documentation from Hydro One, further prejudicing the Coalition from effective participation in this proceeding regardless of the outcome of its appeal.

Therefore, the Coalition requests an immediate response from the Board on the status of its appeal, its request for a stay of this proceeding pending our appeal and direction on the process for moving forward with the Coalition's intervention pending its determination.
