IDENTITY OF THE INTERVENOR AND ITS MEMBERSHIP

333. The Vulnerable Energy Consumers Coalition (VECC) hereby expresses its intention to intervene and participate in the above-mentioned proceeding. VECC consists of the following organizations:

- (a) The Federation of Metro Tenants Association (FTMA)
- (b) The Ontario Coalition of Senior Citizens' Organizations (OCSCO)

2. The Federation of the Metro Tenants Association (the "FTMA") is a non-profit corporation composed of over ninety-two affiliated tenants associations, individual tenants, housing organizations, and members of non-profit housing co-ops. In addition to encouraging the organization of tenants and the promotion of decent and affordable housing, the Federation provides general information, advice, and assistance to tenants. The address is:

500-27 Carlton Street
Toronto, ON
M5B 1L2

3. The Ontario Coalition of Senior Citizens' Organizations ("OCSCO") is a coalition of over 160 senior groups as well as individual members across Ontario. OCSCO represents the concerns of over 500,000 senior citizens through its group and individual members. OCSCO's mission is to improve the quality of life for Ontario's seniors. OCSCO's address is:

333 Wilson Avenue, Suite 406
Toronto, ON
M3H 1T2

4. The coalition of the FMTA and OCSCO under the name VECC has the specific mandate of intervening in proceedings to advocate on behalf of the interests of Ontario's vulnerable consumers with respect to energy issues, primarily through intervention in regulatory

- proceedings at the Ontario Energy Board.
5. Although the organization is not itself a member of VECC, the Public Interest Advocacy Centre (PIAC) in Ottawa assists in the representation of the interests of vulnerable consumers by ensuring the availability of competent representation and consultant support to the VECC participation.
 6. VECC is a frequent intervenor in Board proceedings. Our annual information filing can be found on the Board's website at:

VECC requests electronic copies of the application and any additional supporting materials are sent to Mr. Janigan and Mr. Garner at their respective e-mail addresses.

GROUND FOR THE INTERVENTION

10. The Applicant is seeking to increase the rates to customers represented by, or of similar interests, to those represented by VECC and by the associations affiliated with VECC. VECC is especially concerned with the ability of low income consumers to meet energy costs which on an annual basis continually exceed the rate of inflation.

INTERESTS OF THE INTEVENOR

11. VECC was a party to the Lakefront Utilities Inc. (Lakefront or LUI) last cost of service application EB-2011-0250 and its IRM application EB-2013-0148.
12. Lakefront is seeking an increase of 12% in its capital budget as compared to the time of its last cost of service application. Under its new distribution system plan it will continue to expand capital programs for the term of its next rate plan. Lakefront also proposes to implement a fixed rate design for residential customers.
13. VECC is intervening in order to ensure that consumer interests and in particular the interests of the low-income and vulnerable users of natural gas are fully represented in the determination of just and reasonable rates.

INTENTION TO SEEK COST AWARDS

14. VECC will be requesting an award of costs for its participation in this proceeding and believes that, as a coalition representing the direct interests of consumers, it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure (Section 41) and its' Practice Direction on Cost Awards (Section 3.03).
15. VECC's members do not have access to the direct funding required to retain appropriate legal and consulting support for its intervention in OEB proceedings. Accordingly VECC relies on PIAC to provide legal support and retain qualified consultants on the basis that PIAC can recover the related fees and disbursements from the Board based on the Board's Practice Direction on Cost Awards at the prevailing Cost Award Tariff.
