Dear Ms. Walli:

EB-2015-0040 – Consultation on the Regulatory Treatment of Pensions and Other Post-Employment Benefit (“OPEB”) Costs in the Electricity and Natural Gas Sectors

Hydro One Networks Inc. (“Hydro One”) makes this submission in response to the Ontario Energy Board’s invitation for comments on the draft issues contained in its letter dated May 19, 2016 in the above-noted consultation.

As noted in the May 19th, 2016 letter, the draft issues list is based on the initial set of questions in the Ontario Energy Board’s initiation letter. Hydro One filed a submission on these questions on July 31, 2015, and that submission continues to reflect its views on the issues presented. Hydro One has no additional comments on the draft issues list.

However, Hydro One does wish to update and elaborate on its written submission with a presentation at the stakeholder forum scheduled for July 19, 2016.

Sincerely,
